

Spiez, 29 June 2023

Approval

Approval-ID:	BZS D 23-607
Tested component:	fischer Bolt Anchor FAZ II Plus, FAZ II Plus R, FAZ II Plus HCR M10 - M24
Approved supplier:	SFS Group Schweiz AG Grabenackerstrasse 8 CH-4142 Münchenstein
Valid until:	30 June 2033

According to the results of the practical tests and the assessment of the technical documentation, the aforementioned component meets the requirements set by the Federal Office for Civil Protection. It is thus approved for use in Swiss Protection & Support shelters and facilities.

The present Approval is only valid when signed by both the approved supplier and the Certification Office FOCP.

Approved supplier

César Metzger
Head of CBRNe Protection Systems

SFS Group Schweiz AG
CH-4142 Münchenstein

Spiez,

Münchenstein,

The present approval is based on the Federal Office for Civil Protection technical directives "Quality Management of Tested Components for Use in Protection & Support Shelters and Facilities" 1750-026 of 15 May 2014.

The approved supplier is responsible for the overall quality of the product. The FOCIP will test the components chiefly to ascertain that they meet its specific construction requirements.

The present approval is based on the following documents:

- Assessment Report (enclosed) N° 2322.2 dated 26 Jun 2023
- Test report (enclosed) N° AGEW-2023-002 dated 31 Mar 2023
- European Technical Assessment ETA-19/0520 dated 21 Feb 2022

By signing the present certificate, the approved supplier recognises the legal obligations set out in the FOCP technical directives "Quality Management of Tested Components for Use in Protection & Support Shelters and Facilities" 1750-026 of 15 May 2014.

Please note:

- The approval relates exclusively to the requirements contained in the established normative documents on EMP protection and shock resistance set out in the FOCP technical directives "Quality Management of Tested Components for Use in Protection & Support Shelters and Facilities" 1750-026 of 15 May 2014.
- The approved supplier bears sole responsibility (product liability) for compliance with other technical specifications, with generally binding and product-related regulations, as well as with technical, safety and environmental standards.
- In the event of abuse or deceptive use of the present approval, it will be unconditionally withdrawn in accordance with the aforementioned directives.
