

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Product form : Mixture  
Trade name : Sanitary Pro SI, DSSA  
Article number : 00053103

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

##### Relevant identified uses

Main use category : Consumer use, Professional use, Industrial use  
Use of the substance/mixture : Sealants

#### 1.3. Details of the supplier of the safety data sheet

##### Manufacturer

fischerwerke GmbH & Co. KG  
Klaus-Fischer-Straße 1  
72178 Waldachtal  
Germany  
T +49(0)7443 12-0, F +49(0)7443 12-4222  
[info-sdb@fischer.de](mailto:info-sdb@fischer.de), [www.fischer.de](http://www.fischer.de)

##### Distributor

fischer fixings UK Ltd.  
Whitely Road  
Oxon OX10 9AT Wallingford  
United Kingdom of Great Britain and Northern Ireland  
T +44 14 91 82 79 00, F +44 14 91 82 79 53  
[info@fischer.co.uk](mailto:info@fischer.co.uk), [www.fischer.co.uk](http://www.fischer.co.uk)

#### 1.4. Emergency telephone number

Emergency number : +49(0)6132-84463 (24h)

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

##### Classification according to Regulation (EC) No. 1272/2008 [CLP]

Not classified

##### Adverse physicochemical, human health and environmental effects

No additional information available

#### 2.2. Label elements

##### Labelling according to Regulation (EC) No. 1272/2008 [CLP]

Precautionary statements (CLP) : Keep out of reach of children.  
EUH-statements : EUH208 - Contains 2-octyl-2H-isothiazol-3-one. May produce an allergic reaction.  
EUH210 - Safety data sheet available on request.

#### 2.3. Other hazards

Contains no PBT and/or vPvB substances  $\geq 0.1\%$  assessed in accordance with REACH Annex XIII

The mixture does not contain substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or substance(s) are not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at a concentration equal to or greater than 0,1 %

### SECTION 3: Composition/information on ingredients

#### 3.2. Mixtures

| Name                   | Product identifier                                                     | %              | Classification according to Regulation (EC) No. 1272/2008 [CLP] |

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

|                                       |                                                                                                                                                                                                                                   |
|---------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| First-aid measures after inhalation   | : Remove person to fresh air and keep comfortable for breathing. If symptoms persist call a doctor.                                                                                                                               |
| First-aid measures after skin contact | : Wash with plenty of soap and water.                                                                                                                                                                                             |
| First-aid measures after eye contact  | : Rinse eyes with water as a precaution. Remove contact lenses, if present and easy to do. Continue rinsing. Rinse immediately and thoroughly, pulling the eyelids well away from the eye (15 minutes minimum).                   |
| First-aid measures after ingestion    | : Call a poison center or a doctor if you feel unwell. If possible, show the doctor this safety data sheet. Failing this, show the doctor the packaging or label. Wash out mouth with water and afterwards drink plenty of water. |

### 4.2. Most important symptoms and effects, both acute and delayed

No additional information available

### 4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|                                |                                                                     |
|--------------------------------|---------------------------------------------------------------------|
| Suitable extinguishing media   | : Water spray. Dry powder. Foam. Carbon dioxide (CO <sub>2</sub> ). |
| Unsuitable extinguishing media | : Strong water jet.                                                 |

### 5.2. Special hazards arising from the substance or mixture

|                                                  |                                                                                                                                                                     |
|--------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hazardous decomposition products in case of fire | : Combustion products may include the following: carbon oxides (CO, CO <sub>2</sub> ) (carbon monoxide, carbon dioxide) nitrogen oxides (NO, NO <sub>2</sub> etc.). |
|--------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### 5.3. Advice for firefighters

|                                |                                                                                                                                          |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Protection during firefighting | : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. |
| Other information              | : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.                      |

# Sanitary Pro SI, DSSA

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

General measures : Avoid contact with skin and eyes. Use appropriate ventilation.

##### For non-emergency personnel

Emergency procedures : Ventilate spillage area.

##### For emergency responders

Protective equipment : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".

#### 6.2. Environmental precautions

Avoid release to the environment.

#### 6.3. Methods and material for containment and cleaning up

For containment : Do not scatter spilled material with high-pressure water streams.  
Methods for cleaning up : Mechanically recover the product.  
Other information : Dispose of materials or solid residues at an authorized site.

#### 6.4. Reference to other sections

For further information refer to section 13.

### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

Precautions for safe handling : Ensure good ventilation of the work station. Wear personal protective equipment.  
Hygiene measures : Do not eat, drink or smoke when using this product. Always wash hands after handling the product. Avoid contact with skin, eyes and clothing. Remove dirty clothes.

#### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Store in a well-ventilated place. Keep cool.  
Storage temperature : 5 – 25 °C

#### 7.3. Specific end use(s)

No additional information available

### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

No additional information available

#### 8.2. Exposure controls

##### Appropriate engineering controls

Appropriate engineering controls:  
Ensure good ventilation of the work station.

##### Personal protection equipment

Personal protective equipment symbol(s):

##### Eye and face protection

Eye protection:  
Safety glasses

# Sanitary Pro SI, DSSA

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

| Eye protection |                      |                 |          |
|----------------|----------------------|-----------------|----------|
| Type           | Field of application | Characteristics | Standard |
| Safety glasses |                      |                 | EN 166   |

### Skin protection

#### Skin and body protection:

Wear suitable protective clothing

#### Hand protection:

No specific measures are required provided the product is handled in accordance with the general rules of occupational hygiene and safety

| Hand protection   |                                                                   |                  |                |             |            |
|-------------------|-------------------------------------------------------------------|------------------|----------------|-------------|------------|
| Type              | Material                                                          | Permeation       | Thickness (mm) | Penetration | Standard   |
| Disposable gloves | Nitrile rubber (NBR),<br>Chloroprene rubber (CR),<br>Butyl rubber | 3 (> 60 minutes) | > 0,4          |             | EN ISO 374 |

### Respiratory protection

#### Respiratory protection:

No respiratory protection needed under normal use conditions. In case of insufficient ventilation, wear suitable respiratory equipment

### Environmental exposure controls

#### Environmental exposure controls:

Avoid release to the environment.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|                                                 |                       |
|-------------------------------------------------|-----------------------|
| Physical state                                  | : Solid               |
| Colour                                          | : Various colours.    |
| Appearance                                      | : Paste.              |
| Odour                                           | : Pungent.            |
| Odour threshold                                 | : Not available       |
| Melting point                                   | : Not available       |
| Freezing point                                  | : Not applicable      |
| Boiling point                                   | : Not available       |
| Flammability                                    | : Non flammable.      |
| Lower explosion limit                           | : Not applicable      |
| Upper explosion limit                           | : Not applicable      |
| Flash point                                     | : > 93 °C             |
| Auto-ignition temperature                       | : 427 °C              |
| Decomposition temperature                       | : Not available       |

| Particle size                                   | : Not available       |

### 9.2. Other information

No additional information available

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

# Sanitary Pro SI, DSSA

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### 10.2. Chemical stability

Stable under normal conditions.

### 10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

### 10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7).

### 10.5. Incompatible materials

No additional information available

### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## SECTION 11: Toxicological information

### 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

|                             |                  |
|-----------------------------|------------------|
| Acute toxicity (oral)       | : Not classified |
| Acute toxicity (dermal)     | : Not classified |
| Acute toxicity (inhalation) | : Not classified |

#### Methyltriacetoxysilane (4253-34-3)

|                           |                                                                                                        |
|---------------------------|--------------------------------------------------------------------------------------------------------|
| LD50 oral rat             | 1602 – 2850 mg/kg                                                                                      |
| Skin corrosion/irritation | : Not classified (Based on available data, the classification criteria are not met; Expert judgement). |

#### Methyltriacetoxysilane (4253-34-3)

|    |                   |
|----|-------------------|
| pH | 2.78 Temp.: 20 °C |
|----|-------------------|

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### SECTION 12: Ecological information

#### 12.1. Toxicity

Hazardous to the aquatic environment, short-term (acute) : Not classified

Hazardous to the aquatic environment, long-term (chronic) : Not classified

| 2-octyl-2H-isothiazol-3-one (26530-20-1) |                                            |
|------------------------------------------|--------------------------------------------|
| LC50 - Fish [1]                          | 0.122 mg/l                                 |
| EC50 96h - Algae [1]                     | 0.15 mg/l                                  |
| Methyltriacetoxysilane (4253-34-3)       |                                            |
| LC50 - Fish [1]                          | > 500 mg/l Brachydanio rerio (zebra-fish)  |
| EC50 - Crustacea [1]                     | > 500 mg/l Daphnia magna (Water flea)      |
| EC50 72h - Algae [1]                     | > 500 mg/l Pseudokirchneriella subcapitata |
| EC50 96h - Algae [1]                     | 21.487 mg/l                                |
| NOEC (chronic)                           | ≥ 10 mg/l Daphnia magna (Water flea)       |
| Propyltriacetoxysilane (17865-07-5)      |                                            |
| LC50 - Fish [1]                          | 13450 mg/l                                 |
| EC50 - Crustacea [1]                     | 65 mg/l Daphnia magna (Water flea)         |
| EC50 - Other aquatic organisms [1]       | 89.59 mg/l                                 |
| EC50 72h - Algae [1]                     | 24.41 mg/l Pseudokirchneriella subcapitata |

#### 12.2. Persistence and degradability

| Sanitary Pro SI, DSSA                    |                        |
|------------------------------------------|------------------------|
| Persistence and degradability            | Not rapidly degradable |
| 2-octyl-2H-isothiazol-3-one (26530-20-1) |                        |
| Persistence and degradability            | Not rapidly degradable |
| Methyltriacetoxysilane (4253-34-3)       |                        |
| Persistence and degradability            | Not rapidly degradable |
| Propyltriacetoxysilane (17865-07-5)      |                        |
| Persistence and degradability            | Rapidly degradable     |

#### 12.3. Bioaccumulative potential

| Methyltriacetoxysilane (4253-34-3)              |      |
|-------------------------------------------------|------|
| Partition coefficient n-octanol/water (Log Pow) | 0.25 |
| Propyltriacetoxysilane (17865-07-5)             |      |
| Partition coefficient n-octanol/water (Log Pow) | 1.23 |

#### 12.4. Mobility in soil

| Methyltriacetoxysilane (4253-34-3) |       |
|------------------------------------|-------|
| Mobility in soil                   | 35.19 |

#### 12.5. Results of PBT and vPvB assessment

No additional information available

#### 12.6. Endocrine disrupting properties

No additional information available

#### 12.7. Other adverse effects

No additional information available

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### SECTION 13: Disposal considerations

#### 13.1. Waste treatment methods

|                                            |                                                                                                                                                      |
|--------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Regional waste regulation                  | : Disposal must be done according to official regulations.                                                                                           |
| Waste treatment methods                    | : Dispose of contents/container in accordance with licensed collector's sorting instructions.                                                        |
| Product/Packaging disposal recommendations | : Dispose in a safe manner in accordance with local/national regulations. Avoid release to the environment.                                          |
| European List of Waste (LoW, EC 2000/532)  | : 20 00 00 - MUNICIPAL WASTES (HOUSEHOLD WASTE AND SIMILAR COMMERCIAL, INDUSTRIAL AND INSTITUTIONAL WASTES) INCLUDING SEPARATELY COLLECTED FRACTIONS |

### SECTION 14: Transport information

In accordance with ADR / IMDG / IATA

| ADR                                     | IMDG          | IATA          |
|-----------------------------------------|---------------|---------------|
| <b>14.1. UN number or ID number</b>     |               |               |
| Not regulated for transport             |               |               |
| <b>14.2. UN proper shipping name</b>    |               |               |
| Not regulated                           | Not regulated | Not regulated |
| <b>14.3. Transport hazard class(es)</b> |               |               |
| Not regulated                           | Not regulated | Not regulated |
| <b>14.4. Packing group</b>              |               |               |
| Not regulated                           | Not regulated | Not regulated |
| <b>14.5. Environmental hazards</b>      |               |               |
| Not regulated                           | Not regulated | Not regulated |

No supplementary information available

#### 14.6. Special precautions for user

##### Overland transport

Not regulated

##### Transport by sea

Not regulated

##### Air transport

Not regulated

#### 14.7. Maritime transport in bulk according to IMO instruments

Not applicable

### SECTION 15: Regulatory information

#### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

##### EU-Regulations

##### REACH Annex XVII (Restriction List)

Contains no substance(s) listed on REACH Annex XVII (Restriction Conditions)

##### REACH Annex XIV (Authorisation List)

Contains no substance(s) listed on REACH Annex XIV (Authorisation List)

##### REACH Candidate List (SVHC)

Contains no substance(s) listed on the REACH Candidate List

##### PIC Regulation (Prior Informed Consent)

Contains no substance(s) listed on the PIC list (Regulation EU 649/2012 concerning the export and import of hazardous chemicals)

##### POP Regulation (Persistent Organic Pollutants)

Contains no substance(s) listed on the POP list (Regulation EU 2019/1021 on persistent organic pollutants)

# Sanitary Pro SI, DSSA

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### Ozone Regulation (2024/590)

Contains no substance(s) listed on the Ozone Depletion list (Regulation EU 2024/590 on substances that deplete the ozone layer)

### Council Regulation (EC) for the control of dual-use items

Contains no substance subject to the COUNCIL REGULATION (EC) for the control of dual-use items

### Biocide Regulation (528/2012)

Contains substance(s) listed on the Biocidal Products list (Regulation EU 528/2012 concerning the making available on the market and use of biocidal products)

Type of product (Biocide) :  
Contains : 2-octyl-2H-isothiazol-3-one

### Explosives Precursors Regulation (EU 2019/1148)

Contains no substance(s) listed on the Explosives Precursors list (Regulation EU 2019/1148 on the marketing and use of explosives precursors)

### Drug Precursors Regulation (EC 273/2004)

Contains no substance(s) listed on the Drug Precursors list (Regulation EC 273/2004 on the manufacture and the placing on market of certain substances used in the illicit manufacture of narcotic drugs and psychotropic substances)

### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out
